

## Model DSSP6002S

### Detachable Railing

DSSP6002S's the biggest feature is that the horizontal pipes screw to the vertical pipes, customer can shorten the horizontal pipes and then just screw them onto the vertical pipes which is easy to fence a passage less than 1000mm long or any size.

3 horizontal poles reduce the spacing between the poles to prevent people from drilling.

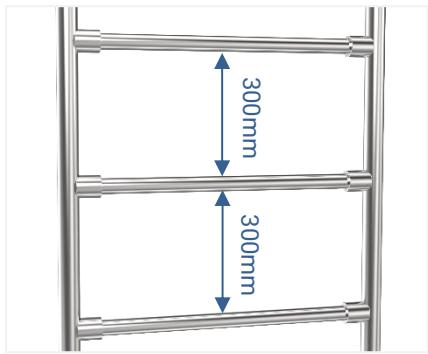

It has round cover at the bottom, which is more aesthetic and easy to fix.

## Features

- Indoor/outdoor
- Easy to floor mount, detachable horizontal pipes to shorten the width
- Can well match with various models of Daosafe tripod turnstiles.
- 3 years warranty support.

## Customized Service

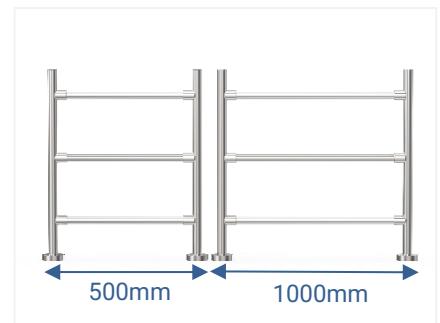

- Material optional.
- Dimensions can be customized to meet your request.
- Picture: high resolution and scene picture can be customized
