

### Description

The JSL-IC103 Series is a compact dome dual-light full-color IP camera designed for high-quality 24/7 surveillance. It delivers resolutions from 2MP to 8MP, features advanced human detection, intelligent night vision with IR and warm light, and supports both ceiling and wall mounting for versatile indoor and semi-outdoor applications.

### Main Features

- High-definition video output from 2MP to 8MP with real-time performance
- Dual-light night vision (IR + warm light) for vibrant images in low light
- Human detection with reduced false alarms from non-human motion
- Supports H.265/H.264 compression for efficient storage and streaming
- Optional built-in microphone and speaker for two-way audio
- Fixed 4mm or 6mm lens options with adjustable field of view
- Durable dome design with metal sphere and plastic base

### Specification

<b>Model</b>	JSL-IC103 Series
<b>Material</b>	Metal sphere + Plastic base
<b>Illumination</b>	2 dual-light source lamps (IR + warm light)
<b>Night Vision Distance</b>	15 – 20 meters
<b>Lens Options</b>	4mm / 6mm fixed lens (F1.4)
<b>Sensor Options</b>	1/2.9", 1/2.7", 1/2.8" CMOS
<b>Resolution Options</b>	2.0MP, 3.0MP, 4.0MP, 5.0MP, 8.0MP
<b>Frame Rate</b>	8MP@15fps, 5MP@25fps, 4MP/3MP/2MP@25fps
<b>Compression</b>	H.265 / H.264
<b>Low Illumination</b>	Supported (1/2.7" & 1/2.8" sensors)
<b>Smart Features</b>	Human detection, full-color/IR/dual-light modes
<b>Power Supply</b>	DC 12V / PoE
<b>Working Temperature</b>	-40°C to +60°C
<b>Packing Size</b>	130 × 105 × 100 mm
<b>Packing Weight</b>	0.56 kg
