Description

The JSL-NC500MP-F is a 5MP AI dual-light security camera designed for reliable perimeter protection. Equipped with a metal front housing, wide dynamic range imaging, and intelligent human detection, it delivers clear monitoring day and night. Active sound and light alarms, PoE power, and two-way audio make it well suited for commercial, industrial, and outdoor security deployments.

Main Features

- Durable metal front with plastic body for outdoor use

- 5MP high-resolution imaging with 140dB WDR

- IR, warm light, and intelligent dual-light night vision

- AI human detection and intrusion alerts with sound & light alarm

- Built-in microphone and speaker for two-way audio & voice broadcast

- Supports external power amplifier connection

- Hardware IR-cut filter with precise light switching

- PoE or DC power supply for flexible installation

- Hikvision private protocol (HK) compatibility for easy integration
