

DS-NF10 NFC RFID Card Reader

Product Description

This NFC reader is the main accessories line of external wiegand readers for all our access control devices. With an elegant and robust design, they are easy to connect and install, and offer the possibility to control one door from both sides. The LED lights indicate allowed or denied access. They have a proximity reading range of up to 10cm. The fact that this series is waterproof, and the operating temperatures can range from -25° to +75°, it is the ideal solution for outdoor installation.

- Easy to install
- NFC/13.56MHz Mifare Card Reader
- Read Range: Up to 5CM-10CM
- 26/34bit Wiegand
- Easy to install on Metal Door Frame or Mullion
