

AOV Portable camera / Pocket camera / VLOG camera

LS-AOV-PC1-4G

Key Features

- 1. 3MP MINI AOV 4G Portable camera / Pocket camera / VLOG camera
- 2. built-in 1500mAh batteries
- 3. Two-way voice intercom
- 4. Cloud storage and TF card storage maximum 256G (without TF card)
- 5. 4G network, remote viewing/playback via APP (HiEasy)
- 6. Ai humanoid detection alarm and real-time push of alarm information, detection distance: within 20 meters
- 7. 135° ultra-wide-angle lens, 12X zoom, built-in infrared light + white light, IR distance 20 meters
- 8. It can record for 2 to 3 days in AOV mode and 6 to 8 hours in full frame rate mode when fully charged
- 9. Always on video (AOV), low frame rate recording during standby time and full-frame recording after humanoid detection is triggered
- 10. Built-in cloud SIM, factory standard 100M 4G data
- 11. Waterproof grade IP65

Specifications

Product	Model No.	LS-AOV-PC1-4G
	Operating system	Embedded Linux operation system
	Main processor	H608
	Sensor	Three pcs 1/3.2 CMOS Sensor
	lens	2.8mm
Video	Video coding standard	H.265+
	System standard	PAL 50HZ/NTSC 60HZ
	Effective resolution	3MP(2304*1296)
	Video frame rate	Self-adaption
	Video stream	135kbps-2048kbps
	Minimum illumination	Day mode 1Lux, night vision mode 0.01Lux
	Day and night mode	Auto
Audio	Coding standard	G.711U
	Audio input	Built-in microphone MIC
	Audio output	Built-in speaker
	Voice Call	With AI echo cancellation, support full-duplex voice calls
Record management	Record mode	AOV recording and alarm recording
	Record storage	TF card
	Cloud storage	Support
Alarm	Alarm detection	human detection, detection distance up to 30 meters
	Sound and light alarm	Support, when equipped with dual light board, supports sound and light alarm
	Alarm linkage	Video recording
Other	One-click video recording	Double-click the button to activate the full-frame rate video recording mode.
	OTG fast transfer	There is no need to remove the TF card. Through the OTG

		file transfer mode, you can edit the video footage and share Vlogs on your computer.
Night light	Night light function	Supports infrared night vision and full-color night vision
4G network	Frequency band	Asia-pacific version:B1/B3/B5/B8/B34/B38/B39/B40/B41 European version:B1/B3/B5/B7/B8/B20/B28
	SIM	Cloud SIM and Nano SIM
APP	APP	HiEasy
power supply	Charging port	Type-C
	Battery capacity	1500mAh
others	TF card capacity	Maximum support 256GB
	Charging voltage	Standard DC5V
	Maximum power	3W ±10%
	Working environment	-20℃ --- +55℃
Size	Packaging box size	
	Carton size	
	Weight
