Product Advantages

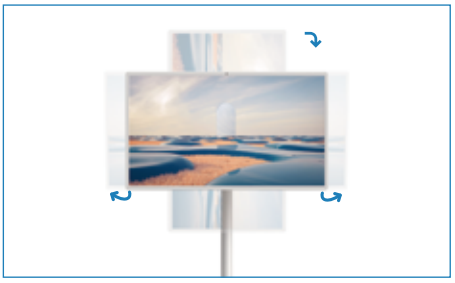

Product Features

Portable Design

The light material and the proposed design structure are not only easy to operate and carry, but also provide great convenience in various occasions to ensure the user's comfortable experience during use.

Available Angle Adjustment

With multiple Angle adjustment options, you can comfortably view your portable display no matter where you are.

HD Camera

The built-in HD camera can capture clear and vivid images. Ensure the fluency and authenticity of video recording

Touch Screen Upgrade

This Portable display supports touch operation to easily open applications, pause videos, adjust Settings, and more. The remote lets you control it easily when you're away from the screen

Built-in battery

Built-in battery for up to 6 hours wirelessly. You can watch movies or stream live video without worrying about running out of battery.

Play & Play

Play and play is the easiest and most simple way to upload content to the screen. Simply load images and videos onto a USB stick, insert in the display, wait for your content copy over and then remove.
